DETAILED ACTION

Allowable Subject Matter

1. Claims 15, 17, 21, and 23 are allowed.
2. The following is an examiner's statement of reasons for allowance:

With regard to Independent Claims 15, 17, and 21, the Applicant has sufficiently amended and narrowly defined a novel stand that includes a receptacle for holding a fiber-optic decoration, as well as an access door provided with a safety mechanism that prevents said door from being opened when electrical power is applied to components within the stand. The prior art of record fails to teach or suggest the combination of structural elements, specifically a stand for a fiber-optic decoration that includes an access door with a safety mechanism, claimed herein, and all subsequent dependent claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
